Report of Independent Auditors

To the Board of Trustees of Fidelity Investments Charitable Gift Fund

Opinion

We have audited the accompanying financial statements of the Fidelity Investments Charitable Gift Fund (the “Gift Fund”), which comprise the statements of financial position as of June 30, 2023 and 2022, and the related statements of activities and of cash flows for the years then ended, including the related notes (collectively referred to as the “financial statements”).

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Gift Fund as of June 30, 2023 and 2022, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further

described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Gift Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Gift Fund’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Auditors’ Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an

auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Gift Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Gift Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

PricewaterhouseCoopers LLP

The accompanying notes are an integral part of these financial statements.

Fidelity Investments Charitable Gift Fund

Notes to Financial Statements

For the years ended June 30, 2023 and 2022

1. Organization

Fidelity Investments Charitable Gift Fund (the "Gift Fund"), a public charity and donor-advised fund, was established by Declaration of Trust in 1991 to accept charitable contributions from donors, pool such contributions for investment management and administrative purposes, and make distributions to tax-exempt or other qualifying organizations under the Internal Revenue Code of 1986, as amended (the "Code"). The Gift Fund has been approved by the Internal Revenue Service ("IRS") as a tax-exempt organization described in Section 501(c)(3) of the Code.

On November 23, 1994, the Fidelity Investments Charitable Gift Fund's Pooled Income Fund (the "PIF") was established to provide beneficiaries a source of income and, at the same time, future support for the Gift Fund. The purpose of the PIF is to hold, manage and distribute irrevocable remainder interests in assets contributed to the Gift Fund. A subset of the Trustees who serve on the Board of the Gift Fund (the "Trustees") also serve on the Board of the PIF. Assets of the PIF are included in net assets with donor restrictions, as applicable (see Note 2).

2. Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with Accounting Principles Generally Accepted in the United States of America ("U.S. GAAP") as applied to not-for-profit entities. Events or transactions occurring after period end through the date that the financial statements were available to be issued, October 31, 2023, have been evaluated in the preparation of the financial statements. Contributions received, including unconditional promises to give, are recognized as increases in net assets in the period received at their fair values. Additionally, the Gift Fund displays its activities and net assets according to the existence or absence of donor-imposed or other governing restrictions in two classes as follows: without donor restrictions, and with donor restrictions. Expenses are presented by their natural class, and are related to the Gift Fund's functional area of appropriation, paying and administering of grants.

Use of Estimates

The preparation of the financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities as of June 30, 2023 and 2022, as well as the reported amounts of revenues and expenses during the years then ended. Significant estimates include the assumptions used in the valuation of certain Level 3 securities. Actual results could differ from those estimates and those differences could be material.

Net Assets Without Donor Restrictions

Net assets without donor restrictions are not subject to donor-imposed stipulations. Revenues are reported as increases in net assets without donor restrictions unless use of the related assets is limited by donor-imposed restrictions; however, donor-restricted

Fidelity Investments Charitable Gift Fund

Notes to Financial Statements

For the years ended June 30, 2023 and 2022

contributions that are received and expended in the same year are classified as net assets without donor restrictions. Expenses are reported as decreases in net assets without donor restrictions. Gains and losses on investments are reported as increases or decreases in net assets without donor restrictions unless their use is restricted by explicit donor stipulations or law. Expirations of temporary restrictions on net assets, (that is, the donor-imposed stipulated purpose has been accomplished and/or the stipulated time period has elapsed), are reported as reclassifications between the applicable classes of net assets.

The Gift Fund maintains donor sub-accounts within each investment pool or advisor-managed account which provide a mechanism for recording donor contributions, allocating investment income and operating expenses, and recording distributions of proceeds to qualified charitable organizations. The investment pools and advisor-managed accounts are not separate funds or separate legal entities. Donors have no legal or beneficial interest in these sub-accounts.

Net Assets With Donor Restrictions

Net assets with donor restrictions are subject to donor-imposed stipulations that will be met by actions of the Gift Fund and/or the passage of time. Net assets with donor restrictions consist of the PIF remainder interest as of June 30, 2023 and 2022.

Cash and Cash Equivalents

Cash and cash equivalents include cash and liquid investments with an original maturity of three months or less.

Investments

Investments are valued as of 4:00 p.m. Eastern Time on the last calendar day of the period end. The Gift Fund uses independent pricing services approved by the Trustees to value its investments. The Gift Fund discloses the fair value of its investments in a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The Gift Fund categorizes the inputs to valuation techniques used to value its investments into a disclosure hierarchy consisting of three levels as shown below:

- Level 1 – Quoted prices in active markets for identical assets or liabilities that the Gift Fund has the ability to access at the measurement date;
- Level 2 – Other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, etc.), including inputs in markets that are not considered to be active; and
- Level 3 – Unobservable inputs (including the Gift Fund’s own assumptions based on the best information available).

Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk. Inputs may include price information, specific and broad credit data, liquidity statistics, and other factors. An investment's level within the fair value

Fidelity Investments Charitable Gift Fund

Notes to Financial Statements

For the years ended June 30, 2023 and 2022

hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The determination of what constitutes "observable," however, requires significant judgment by management. Management considers observable data to be that market data which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by multiple, independent sources that are actively involved in the relevant market. The categorization of an investment within the hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to management's perceived risk of that investment.

Changes in valuation techniques may result in transfers in or out of an assigned level within the disclosure hierarchy. The aggregate fair value by input level, as of June 30, 2023 and 2022, for the Gift Fund's investments, as well as a reconciliation of assets and liabilities for which significant unobservable inputs (Level 3) were used in determining value, is included with the disclosure of the Gift Fund's investments (see Note 5). Valuation techniques used to value the Gift Fund's investments by major category are as follows:

Investments in mutual funds are valued at their closing net asset value ("NAV") per share each business day. Registered investment companies are categorized as Level 1 in the hierarchy.

Equity securities, for which market quotations are readily available, are valued at the last reported sale price or official closing price as reported by an independent pricing service on the primary market or exchange on which they are traded and are categorized as Level 1 in the hierarchy. Management may apply a discount to the fair value for equity securities which are restricted from resale. In considering a fair value discount, management considers one or more of several factors including any trading in unrestricted stock of the same issuer, the type of restrictions that the investment is subject to, the market and trading factors of investees in the same industry and any other factors deemed appropriate. Such securities are classified as Level 2 in the hierarchy. In the event there were no sales during the day or closing prices are not available, securities are valued at the last quoted bid price or may be valued using the last available price, and are generally categorized as Level 2 in the hierarchy.

Debt securities, including restricted securities with less than one year as to resale, are valued based on evaluated prices received from independent pricing services or from dealers who make markets in such securities. Pricing services utilize matrix pricing which considers yield or price of bonds of comparable quality, coupon, maturity and type as well as dealer supplied prices and are generally categorized as Level 2 in the hierarchy.

Exchange Traded Funds ("ETFs") are valued at their last sale price or official closing price as reported by an independent pricing service on the primary market or exchange on which they are traded and are categorized as Level 1 in the hierarchy. In the event there were no sales during the day but the exchange reports a closing bid level, ETFs are valued at the closing bid and would be categorized as Level 1 in the hierarchy. In the event there was no closing bid, ETFs may be valued by another method that the Gift Fund believes reflects

Fidelity Investments Charitable Gift Fund
Notes to Financial Statements
For the years ended June 30, 2023 and 2022

fair value in accordance with the Gift Fund's fair value pricing policies and may be categorized as Level 2 in the hierarchy.

Level 3 investments may include equity securities, fixed income securities, and other privately issued securities. When observable prices are not available for these securities, management uses one or more valuation techniques for which sufficient and reliable data is available. The selection of appropriate valuation techniques may be affected by the availability of relevant inputs as well as the relative reliability of the inputs. In some cases, one valuation technique may provide the best indication of fair value while in other circumstances, multiple valuation techniques may be appropriate. In some situations, management may determine it appropriate to evaluate and weigh the results, as appropriate, to develop a range of possible values, with the fair value based on management's assessment of the most representative point within the range.

The Gift Fund's investments in alternative investment funds are classified as investments or contributed assets held. They are subject to the terms and conditions of the respective funds' offering documents and categorized as Level 3 in the hierarchy, unless the investment is measured at NAV, as a practical expedient for fair value and excluded from the fair value hierarchy.

For restricted equity securities and private placements with resale restrictions greater than one year where observable inputs are limited, assumptions about market activity and risk are used to fair value the securities. They are categorized as Level 3 in the hierarchy. Investments in property are valued at fair value, as determined by an independent appraiser or an acceptable purchase offer, less any costs associated with the sale of the property. The inputs used by management in estimating the value of Level 3 investments include the original transaction price, recent transactions in the same or similar investments, completed or pending third-party transactions in the underlying investment, and other transactions across the capital structure. Level 3 investments may also be adjusted to reflect illiquidity and/or non-transferability, with the amount of such discount estimated by management in the absence of market information. Assumptions used by management due to the lack of observable inputs may significantly impact the resulting fair value and therefore the Gift Fund's results of operations.

Foreign Currency

Foreign-denominated assets, including investment securities, and liabilities are translated into U.S. dollars at the exchange rates at period end. Purchases and sales of investment securities, income and dividends received and expenses denominated in foreign currencies are translated into U.S. dollars at the exchange rate in effect on the transaction date.

The effects of exchange rate fluctuations on investments are included with the net realized and unrealized gain (loss) on investment securities. Other foreign currency transactions resulting in realized and unrealized gain (loss) are disclosed separately.

Realized gains and losses on foreign currency transactions arise from the disposition of foreign currency, currency gains or losses realized between the trade and settlement dates

Fidelity Investments Charitable Gift Fund
Notes to Financial Statements
For the years ended June 30, 2023 and 2022

on security transactions, and the difference between the amounts of dividends, interest and foreign withholding taxes recorded on the transaction date and the U.S. dollar equivalent of the amounts actually received or paid. Unrealized gains and losses on assets and liabilities in foreign currencies arise from changes in the value of foreign currency, and from assets and liabilities denominated in foreign currencies, other than investments, which are held at period end.

Contributed Assets Held

Contributed assets held include contributions that are pending liquidation, and are stated at fair value. The Gift Fund discloses the fair value of its contributed assets held in a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). See Investments section above for additional discussion of the fair value hierarchy.

Donor Contributions of Cash and Other Financial Assets & Donor Contributions of Nonfinancial Assets

All donor contributions are recorded on the date received (including unconditional promises to give) and accepted by the Gift Fund. Contributions made to the Gift Fund and not yet received are recorded as a contribution receivable at fair value. All contributions are subject to review and approval by the Trustees prior to acceptance. Potential contributions not accepted are returned to the donor. All contributions, once accepted by the Trustees, represent irrevocable charitable contributions to the Gift Fund. Contributions to the Gift Fund are not refundable. For the years ended June 30, 2023 and 2022, the Gift Fund received and liquidated donor contributions of publicly traded securities of \$4.68 billion and \$7.51 billion, respectively. These contributions are presented on the Statements of Cash Flows as a Change in net assets.

The following table lays out donor contributions by contributions of cash and other financial assets and contributions of nonfinancial assets.

Donor contributions	2023	2022
Donor contributions of cash and other financial assets	\$ 12,579,284,345	\$ 15,006,672,129
Donor contributions of nonfinancial assets	44,261,299	189,909,546
Total Donor contributions	\$ 12,623,545,644	\$ 15,196,581,675

Contributions of nonfinancial assets for the years ended June 30, 2023 and 2022 by category are as follows:

Contributions of nonfinancial assets	2023	2022
Cryptocurrency	\$ 44,112,254	\$ 189,791,300
Commodities	149,045	118,246
Total Contributions of nonfinancial assets	\$ 44,261,299	\$ 189,909,546

Fidelity Investments Charitable Gift Fund
Notes to Financial Statements
For the years ended June 30, 2023 and 2022

All contributions of nonfinancial assets were monetized during the reporting period. Contributions of nonfinancial assets did not have any donor-imposed restrictions.

The Gift Fund values contributions of nonfinancial assets within the fair value hierarchy. See Investments section above for additional discussion of the fair value hierarchy. Contributions of cryptocurrency are valued at the last reported sale price as reported by an independent pricing service and are categorized as Level 1 in the hierarchy. Contributions of commodities are valued at their last sale price or official closing price as reported by an independent pricing service on the primary market or exchange on which they are traded and are categorized as Level 1 in the hierarchy.

Receivable for Tier Price Credit

Gift Fund account holders are assessed an annual administrative fee of .60%, which is charged to the investment pool(s) on a daily net asset basis, and charged to the advisor-managed accounts quarterly based on average daily assets. Accounts with assets above certain thresholds are eligible for a reduced fee and receive a quarterly tier price credit from the Gift Fund’s service provider (see Note 8) for the difference between the reduced fee and the .60% fee initially charged. The total credit for these accounts as of June 30, 2023 and 2022 was \$20,833,827 and \$19,888,261, respectively.

Distributions Payable

Distributions payable represents amounts (grants) which the Gift Fund has approved and is in the process of making, which includes contractually obligated future grants. Grants can only be made (other than from certain accounts, as defined in the Declaration of Trust) to charitable organizations that are U.S. public charities and are tax exempt under the Code, and in limited circumstances, to foreign charitable organizations, in compliance with applicable regulations. Distributions payable that are expected to be paid in future years are recorded at the present value of expected future payments and have been discounted at using an approximated risk-free rate for each year grants were made, which was 5.17%. Distributions payable are expected to be disbursed as follows:

Years Ending June 30:

2024	\$ 547,615,280
2025	10,000,000
2026	10,000,000
2027	<u>10,000,000</u>
Total	577,615,280
Present value discount	<u>(4,675,198)</u>
Distributions Payable, net	<u>\$ 572,940,082</u>

Liquidity

The Gift Fund structures its financial assets to be available and liquid as its general expenditures, liabilities, and other obligations come due. Financial assets are considered unavailable when illiquid or not convertible to cash within one year, which includes PIF assets, all Level 3 assets and investments measured at net asset value as described in Note

Fidelity Investments Charitable Gift Fund
Notes to Financial Statements
For the years ended June 30, 2023 and 2022

5. As of June 30, 2023 and 2022, the Gift Fund's financial assets available to meet cash needs for general expenditures within one year of the balance sheet date are \$50,198,224,585 and \$42,837,258,234, respectively.

Income Taxes

The Gift Fund does not provide for federal or state income taxes as it has received a tax determination from the IRS classifying it as a public charity exempt from income taxes under section 501(c)(3) of the Code. The Gift Fund does pay federal and state income taxes on certain unrelated business income. U.S. GAAP sets forth a minimum threshold for financial statement recognition of the benefit of a tax position taken or expected to be taken in a tax return. The Gift Fund did not have any unrecognized tax benefits in the accompanying financial statements, nor is the Gift Fund aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will significantly change in the next twelve months.

New Accounting Pronouncements

On September 17, 2020, the FASB issued ASU No. 2020-07, *Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*. The new guidance requires not-for-profit entities to present contributed nonfinancial assets as a separate line item in the statement of activities, and provide additional disclosures around how contributed nonfinancial assets are monetized or utilized. The updated requirements shall be applied on a retrospective basis, and are effective for annual periods beginning after June 15, 2021, and interim periods within annual periods beginning after June 15, 2022. Management adopted the provisions of ASU No. 2020-07 for the year ended June 30, 2022, and applied retrospectively to all periods presented. The adoption did not have a material impact on the reported net assets as of July 1, 2021, however it did result in a reclassification to adhere to the presentation requirements in the Statements of Activities.

On June 30, 2022, the FASB issued ASU No. 2022-03, *Fair Value Measurement of Equity Securities Subject to Contractual Sale Restrictions*. The new guidance clarifies the guidance in ASC 820 regarding fair value measurement of equity securities subject to contractual sale restrictions, and also calls for additional disclosures regarding such securities. The updated requirements are effective for annual periods beginning after December 15, 2024, and interim periods within those fiscal years, with early adoption permitted. Management is currently evaluating the impact of this guidance on the Gift Fund's financial statements and related disclosures.

For the years ended June 30, 2023 and 2022

3. Investments

Contributions to the Gift Fund are allocated to investment pools or advisor-managed accounts based on recommendations of donors, subject to the review and approval of the Gift Fund. Distributions from the investment pools or advisor-managed accounts are made based on recommendations of donors, subject to the review and approval of the Gift Fund. Each of the investment pools has a different investment objective. Income earned by investments in each pool is retained within that investment pool. Balances in each of the investment pools included in Investments, at fair value on the Statements of Financial Position as of June 30, 2023 and 2022 were as follows:

Pooled Investments	2023	2022
Aggressive Growth Pool	\$ 1,183,780,699	\$ 1,142,523,875
Growth Pool	1,963,153,131	1,783,034,144
Moderate Growth Pool	1,354,234,432	1,295,295,888

Fidelity Investments Charitable Gift Fund
Notes to Financial Statements
For the years ended June 30, 2023 and 2022

As of June 30, 2023 and 2022, the Gift Fund also held investments in securities through advisor-managed accounts which are not included in the pool investments. These securities are included in Investments, at fair value on the Statements of Financial Position. The summary of the investment holdings in advisor-managed accounts as of June 30, 2023 and 2022 were as follows:

Charitable Investment Advisor Program	2023	2022
Equity securities	\$ 8,026,615,902	\$ 6,484,316,510
Fixed-income securities	2,475,644,631	1,418,176,533
Mutual funds	6,865,875,267	5,929,487,173
Alternative investment funds	2,704,533,183	2,763,571,549
Private equity securities	2,360,580,332	1,517,010,092
Total Advisor-managed Investments at Fair Value	\$ 22,433,249,315	\$ 18,112,561,857
Total Investments at Fair Value	\$ 52,650,176,429	\$ 44,823,238,524

4. Contributed Assets Held

At June 30, 2023 and 2022, the Gift Fund held contributed assets which were received at the end of the year and had not yet been sold:

Contributed Assets	2023	2022
Equity securities	\$ 13,344,739	\$ 10,912,516
Mutual funds	681,231	247,928
Alternative investment funds	54,894,503	67,224,702
Private equity securities	1,283,088,075	1,087,522,516
Other	3,806,856	1,886,149
Total Contributed Assets Held, at Fair Value	\$ 1,355,815,404	\$ 1,167,793,811

Certain contributed assets may have a restriction as to resale, which typically does not exceed one year. These investments with a restriction are reported at fair value and are included in net assets without donor restrictions since they are not subject to donor-imposed stipulations.

5. Classification of Securities

The following is a summary as of June 30, 2023 and 2022, of the Gift Fund's assets and liabilities carried at fair value. The inputs or methodology used for valuing securities may not be an indication of the risk associated with investing in those securities.

Fidelity Investments Charitable Gift Fund
Notes to Financial Statements
For the years ended June 30, 2023 and 2022

(a) This class includes investments in hedge funds that invest, both long and short, primarily in U.S. common stocks. Management has the ability to shift investments from value to growth strategies, from small to large capitalization stocks, and from a net long position to a net short position. Investments representing approximately 6.87% of the value of the investments in this class cannot be redeemed because the investments include restrictions that do not allow for redemption ranging from 2 to 5 years after acquisition. The remaining restriction period for the investment with a lock up end date in this category range from 1 month to 2.25 years at June 30, 2023.

(b) This class includes investments in hedge funds that invest to profit from economic, political, and government driven events. A majority of the investments are targeted at economic policy decisions. There were no restrictions on redemption in this category at June 30, 2023.

(c) This class includes hedge funds that invest with multiple managers through funds or managed accounts. The strategy designs a diversified portfolio of managers with the objective of significantly lowering the risk and volatility of investing with an individual manager. A manager may allocate funds to numerous managers within a single strategy, or with numerous managers in multiple strategies. Investments representing approximately 0.20% of the value of the investments in this class cannot be redeemed because the investments include restrictions that do not allow for redemption ranging from 12 to 36 months after acquisition. The remaining restriction period for the investment with a lock up end date in this category is 6 months at June 30, 2023.

(d) This class includes investments in hedge funds that pursue multiple strategies to diversify risks and reduce volatility, depending upon current market conditions. The various strategies are employed simultaneously in the fund, but allocations to each of the various styles can vary over time. Investments representing approximately 0.67% of the value of the investments in this class cannot be redeemed because the investments include restrictions that do not allow for redemption in the first 24 months after acquisition. The remaining restriction period for these investments with a lock up end date in this category range from 3 months to 6 months at June 30, 2023.

(e) This class includes investments in hedge funds that invest to profit on realization of a valuation discrepancy in the relationship between multiple securities. Managers employ a variety of fundamental and quantitative techniques, and security types range broadly across equity, fixed income, derivative or other security types to identify positions in which the risk adjusted spread between these instruments represents an attractive opportunity for the investment manager. Investments representing approximately 0.48% of the value of the investments in this class cannot be redeemed because the investments include restrictions that do not allow for redemption ranging from 12 to 36 months after acquisition. The remaining restriction period for investments with a lock up end date in this is 9 months at June 30, 2023.

(f) This class includes private equity fund investments which cannot be redeemed. Instead, the nature of the investments in this class is that distributions are received through the

Fidelity Investments Charitable Gift Fund
Notes to Financial Statements
For the years ended June 30, 2023 and 2022

liquidation of the underlying assets of the fund. Values for private equity holdings are based on capital account statements received from fund managers or administrators. However, as of June 30, 2023, it is probable that all of the investments in this class will be sold at an amount different from the net asset value of the fund's ownership interest in partners' capital. Therefore, the fair values of the investments in this class have been estimated using recent observable transaction information for similar investments and non-binding bids received from potential buyers of the investments.

(b) This class includes investments in hedge funds that invest to profit from economic, political, and government driven events. A majority of the investments are targeted at economic policy decisions. There were no restrictions on redemption in this category at June 30, 2022.

(c) This class includes hedge funds that invest with multiple managers through funds or managed accounts. The strategy designs a diversified portfolio of managers with the objective of significantly lowering the risk and volatility of investing with an individual manager. A manager may allocate funds to numerous managers within a single strategy, or with numerous managers in multiple strategies. Investments representing approximately 11.57% of the value of the investments in this class cannot be redeemed because the investments include restrictions that do not allow for redemption ranging from 12 to 36 months after acquisition. The remaining restriction period for the investment with a lock up end date in this category range from 3 months to 1.5 years at June 30, 2022.

(d) This class includes investments in hedge funds that pursue multiple strategies to diversify risks and reduce volatility, depending upon current market conditions. The various strategies are employed simultaneously in the fund, but allocations to each of the various styles can vary over time. Investments representing approximately 64.81% of the value of the investments in this class cannot be redeemed because the investments include

restrictions that do not allow for redemption in the first 24 months after acquisition. The remaining restriction period for these investments with a lock up end date in this category range from 3 months to 18 months at June 30, 2022.

(e) This class includes investments in hedge funds that invest to profit on realization of a valuation discrepancy in the relationship between multiple securities. Managers employ a variety of fundamental and quantitative techniques, and security types range broadly across equity, fixed income, derivative or other security types to identify positions in which the risk adjusted spread between these instruments represents an attractive opportunity for the investment manager. Investments representing approximately 50.33% of the value of the investments in this class cannot be redeemed because the investments include restrictions that do not allow for redemption ranging from 12 to 36 months after acquisition. The remaining restriction period for investments with a lock up end date in this category range from 3 months to 1.75 years at June 30, 2022.

(f) This class includes private equity fund investments which cannot be redeemed. Instead, the nature of the investments in this class is that distributions are received through the liquidation of the underlying assets of the fund. Values for private equity holdings are based on capital account statements received from fund managers or administrators. However, as of June 30, 2022, it is probable that all of the investments in this class will be sold at an amount different from the net asset value of the fund's ownership interest in partners' capital. Therefore, the fair values of the investments in this class have been estimated using recent observable transaction information for similar investments and non-binding bids received from potential buyers of the investments.

Fidelity Investments Charitable Gift Fund
Notes to Financial Statements
For the years ended June 30, 2023 and 2022

The following tables present information about significant unobservable inputs related to the Gift Fund's Level 3 private equity securities which are individually material:

<u>Financial Instrument</u>	<u>Fair Value at 6/30/2023</u>	<u>Principal Valuation Technique</u>	<u>Unobservable Inputs</u>	<u>Range of Input Values</u>
<i>Contributed Assets Held</i>				
Private equity securities	\$ 1,151,000,000	Discounted Cash Flows Market Comparable / Selected Public Companies	Weighted Average Cost of Capital Terminal EV/EBITDA multiple Selected NTM Net Income multiple Discount for Lack of Marketability	15.75% 7.0x 6.00x - 7.50x 10.00%

<u>Financial Instrument</u>	<u>Fair Value at 6/30/2022</u>	<u>Principal Valuation Technique</u>	<u>Unobservable Inputs</u>	<u>Range of Input Values</u>
<i>Contributed Assets Held</i>				
Private equity securities	\$ 996,900,000	Discounted Cash Flows Market Comparable / Selected Public Companies	Weighted Average Cost of Capital Terminal EV/EBITDA multiple Selected NTM Net Income multiple Discount for Lack of Marketability	14.75% 6.5x 5.25x- 6.75x 10.00%

As of June 30, 2023 and 2022, the fair value of the remaining Level 3 assets are presented based on recent transaction activity amounting to \$135,377,744 and \$103,320,614, respectively, and acquisition multiples amounting to \$40,144,786 and \$36,968,667 respectively. Due to the inherent uncertainty of the valuations, it is possible that an entity's results may be subsequently adjusted or significantly different from the values presented.

6. Split-Interest Agreements

Assets of the PIF as of June 30, 2023 and 2022 of \$57,180,826 and \$59,158,608, respectively, represent contributions received by the PIF reported at fair value as a component of net assets with donor restrictions of the Gift Fund. PIF income beneficiaries receive a pro-rata share of the ordinary income of the PIF until their death. The estimated present value of the discount for future interest as of June 30, 2023 and 2022 of \$19,500,529 and \$20,125,217, respectively, is based on life-expectancy tables and appropriate rates of return for each donor at the dates of contribution and is recorded as a liability. Upon death of the donor (and the donor's designated beneficiary, if any) the remainder interest becomes available to the Gift Fund and is represented by the net of PIF assets and liabilities recorded as of June 30, 2023 and 2022 of \$37,680,297 and \$39,033,392, respectively, in net assets with donor restrictions.

The assets of the PIF are principally invested in mutual funds sponsored by Fidelity Investments. The change in value of the remainder interest, primarily due to changes in ending asset values, actuarial assumptions and the amortization of the discount for future interest in the PIF, is recorded in the Statements of Activities. Contributions to the PIF are

Notes to Financial Statements
For the years ended June 30, 2023 and 2022

treated as contributions with donor restrictions to the Gift Fund. The discount rate used to calculate the present value of the future interest of the PIF as of June 30, 2023 and 2022 is 3.22% and 3.10%, respectively.

7. Gift Fund Expenses and Transactions with Service Providers

The Trustees have contracted with FMR LLC, the parent company of Fidelity Investments, and affiliated companies (hereafter “FMR”) to provide various administrative and investment management services to the Gift Fund. Under this contract, the Gift Fund paid FMR at amounts equal to the administrative fee the Gift Fund charged its donors. Services are provided to the Gift Fund by various divisions or subsidiaries (brokerage services, custodial services) of FMR, including but not limited to National Charitable Services LLC (administrative and recordkeeping services); and Fidelity Brokerage Services, LLC, member NYSE and SIPC. In addition, the Trustees have appointed Strategic Advisers LLC, a Fidelity Investments company and a SEC-registered investment advisor, as the investment advisor of the Gift Fund. The investment advisor recommends asset allocations to the Trustees among mutual funds including mutual funds advised and managed by FMR. At the discretion of the Trustees, the investment advisor has non-discretionary authority to invest the Gift Fund assets in securities and other investments.

8. Indemnifications

The Gift Fund’s organizational documents provide limited indemnification against liabilities. In the normal course of business, the Gift Fund may also enter into contracts that provide general indemnifications. The Gift Fund’s maximum exposure under these arrangements is unknown as this would be dependent on future claims that may be made against the Gift Fund. The risk of material loss from such claims is considered remote.

9. Concentrations of Credit Risk

Financial instruments which potentially subject the Gift Fund to concentrations of credit risk consist of mutual funds, primarily with Fidelity Investments, and investment securities contributed by donors which are pending liquidation.

The mutual funds are monitored for the Gift Fund by the respective investment advisors. Securities held are generally held for a short period of time before they are liquidated.

The Gift Fund does not invest in Fidelity Investments mutual funds for the purpose of exercising management functions or control; however, investments by the Gift Fund within its principal investment strategy may represent a significant portion of a mutual fund’s net assets. At the end of the period, the Gift Fund was the owner of record of 10% or more of the total outstanding shares of the following Fidelity Investments mutual funds.

The Gift Fund maintains custody accounts with its primary custodian, Fidelity Brokerage Services, LLC and other custodians from time to time. Although management monitors all custodians and believes that they are appropriate custodians, there is no guarantee that a custodian will not become insolvent. While both the U.S. Bankruptcy Code and the Securities Investor Protection Act of 1970 seek to protect customer property in the event of a failure, insolvency or liquidation of a broker-dealer, there is no certainty that, in the event of a failure of a broker-dealer that has custody of Gift Fund's assets, the Gift Fund would not incur losses due to its assets being unavailable for a period of time, ultimately less than full recovery of its assets, or both. Losses could be significant and could materially impair the ability of the Gift Fund to achieve its investment objective.
