

Get started with your Giving Account

Now that your Giving Account is set up, make sure you take advantage of all that it has to offer.

Stay Connected to your Giving

View all your contribution and grant activity, check your Giving Account balance and change your preferences at any time by logging into your Giving Account from any device.

Contribute

If you haven't already done so, make an irrevocable charitable contribution to Fidelity Charitable.

There are 3 easy ways to do it:

1. Log in to FidelityCharitable.org
2. Call us at 800-952-4438
3. Download a [Contribution Form](#) from our site and mail/fax it to us

Recommend a Grant

Once your Giving Account is funded, you can recommend grants to any IRS-qualified public charity online, on the phone, by fax or mail.

TIP: Grants must be exclusively for charitable purposes and cannot provide more than an incidental benefit.

Since your contributions to Fidelity Charitable have the opportunity to grow tax-free over time, we offer a variety of investment pools from which to choose. Use the [Pool Selector](#), an online tool, to find the right asset allocation for your Giving Account.
